Undergraduate Supply Chain Management Curriculum
Last updated: February 2013

This document provides an overview of the AACSB accredited SCM curriculum, but is limited to only those courses within Whitman. The courses are required unless otherwise indicated. It is not a substitute for academic advising. Please visit the following sites for more detail:

Freshman Year
- Perspectives of Business & Management (SOM 122)
- Introduction to Financial Accounting (ACC 151)

Sophomore Year
- Introduction to Managerial Accounting (ACC 252)
- Introductory Statistics for Management (MAS 261)
- Introduction to the Legal Systems (LPP 255)
- Introduction to Strategic Management (SHR 247)
- 9 credit core, integrating finance, marketing, and supply chain management (FIN 256, MAR 255, SCM 265)

Junior/Senior Year
- Decision Tools for Management (MAS 362)
- Introduction to Information Systems for Managers (MIS 325)
- Strategic Human Resource Management (SHR 355)
- Managing in a Global Setting (SOM 354)
- Strategic and Entrepreneurial Management (EEE 457)
- Supply Chain and Logistics Management (SCM 401)
- Supply Chain Management Systems (SCM 402)
- Two or more of the following¹:
  - Special Topics (SCM 400)
  - Introduction to Management Science (SCM 403)
  - Fundamentals of Sourcing (SCM 421)
  - Transportation and Distribution Center Management (SCM 431)
  - Lean Six Sigma (SCM 455)
  - Introduction to Project Management (SCM 456)
  - Law for Global Business (with a focus on import/export and required for blanket waiver CTL certification through AST&L; SCM 459)
  - CPIM Independent Study (students take exams towards CPIM certification; SCM 490)

Community Service and Internship Requirements
- Whitman students are required to apply their management skills and knowledge to community problems. This is realized through completing a course with a service learning component, an internship at a public or non-profit agency, or a Community Service Learning Agreement.
- Whitman students must have at least one experience after they acquire junior standing, consisting of substantive and supervised work that complements their academic program. This is accomplished through completing a course that requires internship participation, an independent study for experience credit with a professor, or an Internship Learning Agreement.

¹ For students who do not elect to pursue a double major in supply chain management and another area may take six courses in this list and have them fit within the 121 degree credit requirement.
